22 Be it ordained by the People of the City and County of San Francisco:

23

Section 1. Findings.

24

(a) The supply of housing in the City and County of San Francisco is one of the oldest in  
25 on the West Coast. A majority of the City's rental housing is over sixty years old and

1 public resources to support renovation and code upgrades privately owned housing is  
2 insufficient to address the long term need. The City's aging housing stock, its relative  
3 density compared to other cities, and the risk of significant seismic event create a clear  
4 and compelling public interest in assuring that the City maximizes opportunities to  
5 upgrade housing to contemporary standards for fire prevention and life safety, including  
6 seismic strengthening.

7 (b) The City and County of San Francisco has adopted a comprehensive program of  
8 regulations to assure that rental housing converted to individual ownership as  
9 condominiums meet housing, building, and fire code standards prior to their conversion  
10 and sale as condominiums. Those regulations also addresses additional concerns to  
11 minimize displacement of existing residents and to assure the public notice and review  
12 of applications for conversion.

13 (c) In recent years, the real estate industry and certain financial institutions have  
14 developed instruments and private contracts that create saleable interests in individual  
15 apartment units, including fractionalized loans, that are marketed to mimic  
16 condominiums but are not subject to the stringent consumer protection, public notice  
17 and review, and health/life safety controls placed on condominium conversions. Such  
18 units, a specialized form of Tenancies in Common (TICs) and herein described as  
19 "Fractionalized Ownership Units," are often sold to the public at prices approaching  
20 those prices of condominiums but without the code upgrades that would enable the  
21 units to endure a major seismic event or other major natural disaster.

22 (d) At present, the City and County of San Francisco has no mechanism to measure or  
23 track the number or location of apartment units converted to "Fractionalized Ownership  
24 Units." It is reported that many converted units are ultimately used only for  
25 nonresidential tourist or corporate use with adverse impacts on neighborhood

1 cohesiveness and character. Requiring developers to apply for and report upon the  
2 conversion of apartments to Fractionalized Ownership Units would enable the City to  
3 monitor and regulate future nonresidential uses.

4 (e) Furthermore, many Fractionalized Ownership Unit purchasers cannot afford to retrofit  
5 and/or upgrade because of the burden of purchasing their unit at today's record prices  
6 for such housing. This places owners at financial and physical risk and reduces the  
7 resiliency of San Francisco's neighborhoods in event of catastrophes.

8 (f) The current lack of regulation over Fractionalized Ownership Units's also forgoes San  
9 Francisco's last best chance to upgrade neighborhoods' housing stock while  
10 simultaneously preserving their physical form/character.

11 Section 2. The San Francisco Planning Code is hereby amended by amending  
12 Sections 102, 311, and 312 to read as follows:

13 **SEC. 102.18. ONE OWNERSHIP.**

14 Ownership of a parcel or contiguous parcels of property or possession thereof under a  
15 contract to purchase by a person or persons, firm, corporation or partnership, individually,  
16 jointly, in common, or in any other manner whereby such property is under single or unified  
17 control. The term shall include condominium ownership. The term "owner" shall mean the  
18 person, firm, corporation or partnership exercising one ownership as herein defined.

19 (Amended by Ord. 443-78, App. 10/6/78; Ord. 412-88, App. 9/10/88; Ord. 115-90, App.  
20 4/6/90)

21 **SEC. 102.37. FRACTIONALIZED OWNERSHIP.**

22 Ownership of a building containing two or more dwelling units, or possession thereof under  
23 a written contract to purchase or transfer ownership, by persons, firms, companies,  
24 corporations or partnerships, where persons, firms, companies, corporations or partnerships  
25 have or may have 1) an undivided ownership interest in the property, and 2) by agreement

1 have an exclusive right of occupancy to an individual dwelling unit, and 3) where the dwelling  
2 unit have not been mapped as a condominium, community apartment or stock cooperative per  
3 Article 9 of the Subdivision Code.

4 SEC. 311. RESIDENTIAL PERMIT REVIEW PROCEDURES FOR RH, RM, AND RTO  
5 DISTRICTS.

6 (a) **Purpose.** The purpose of this Section is to establish procedures for reviewing building  
7 permit applications for lots in R Districts in order to determine compatibility of the proposal  
8 with the neighborhood and for providing notice to property owners and residents neighboring  
9 the site of the proposed project and to interested neighborhood organizations, so that  
10 concerns about a project may be identified and resolved during the review of the permit.

11 (b) **Applicability.** Except as indicated herein, all building permit applications for demolition  
12 and/or new construction, and/or alteration of residential buildings in RH, RM, and RTO  
13 Districts shall be subject to the notification and review procedures required by this Section.  
14 Subsection 311(e) regarding demolition permits and approval of replacement structures shall  
15 apply to all R Districts.

16 (1) For the purposes of this Section, an alteration in RH and RM Districts shall be defined  
17 as any change in use or change in the number of dwelling units of a residential building,  
18 including a change from One Ownership to Fractionalized Ownership as defined by Section  
19 102, removal of more than 75 percent of a residential building's existing interior wall framing  
20 or the removal of more than 75 percent of the area of the existing framing, or an increase to

1 Section 102, removal of more than 75 percent of a building's existing interior wall framing or  
2 the removal of more than 75 percent of the area of the existing framing, or an increase to the  
3 exterior dimensions of a building except those features listed in Section 136(c)(1) through  
4 136(c)(24) and 136(c)(26).

5 (c) **Building Permit Application Review for Compliance and Notification.** Upon  
6 acceptance of any application subject to this Section, the Planning Department shall review  
7 the proposed project for compliance with the Planning Code and any applicable design  
8 guidelines approved by the Planning Commission. Applications determined not to be in  
9 compliance with the standards of Articles 1.2, 1.5, 2 and 2.5 of the Planning Code, Residential  
10 Design Guidelines, including design guidelines for specific areas adopted by the Planning  
11 Commission, or with any applicable conditions of previous approvals regarding the project,  
12 shall be held until either the application is determined to be in compliance, is disapproved or a  
13 recommendation for cancellation is sent to the Department of Building Inspection.

18 (1) **Residential Design Guidelines.** The construction of new residential buildings and  
19 alteration of existing residential buildings in R Districts shall be consistent with the design  
20 policies and guidelines of the General Plan and with the "Residential Design Guidelines" as  
21 adopted and periodically amended for specific areas or conditions by the Planning  
22 Commission. The design for new buildings with residential uses in RTO Districts shall also be  
23 consistent with the design standards and guidelines of the "Ground Floor Residential Units  
24 Design Guidelines" as adopted and periodically amended by the Planning Commission. The  
25 Planning Director may require modifications to the exterior of a proposed new residential

1 building or proposed alteration of an existing residential building in order to bring it into  
2 conformity with the "Residential Design Guidelines" and with the General Plan. These  
3 modifications may include, but are not limited to, changes in siting, building envelope, scale  
4 texture and detailing, openings, and landscaping. (2) **Notification.** Upon determination that an

18 building is determined to pose a serious and imminent hazard as defined in the Building Code  
19 an application authorizing demolition in any R District of an historic or architecturally important  
20 building or of a dwelling shall not be approved and issued until the City has granted final  
21 approval of a building permit for construction of the replacement building. A building permit is  
22 finally approved if the Board of Appeals has taken final action for approval on an appeal of the  
23 issuance or denial of the permit or if the permit has been issued and the time for filing an  
24 appeal with the Board has lapsed with no appeal filed.

1 (1) The demolition of any building whether or not historically and architecturally important  
2 may be approved administratively where the Director of the Department of Building Inspection  
3 or the Chief of the Bureau of Fire Prevention and Public Safety determines, after consultation

13 subject to the provisions of Subsection 312(d); provided, however, that a change of use from  
14 a Restaurant to a Limited-Restaurant shall not be subject to the provisions of Subsection  
15 312(d). In all RED and Eastern Neighborhoods Mixed Use Districts all building permit

6 design guidelines for specific areas adopted by the Planning Commission, or with any  
7 applicable conditions of previous approvals regarding the project, shall be held until either the

9 cancellation is sent to the Department of Building Inspection.

10 In addition, any application for conversion of an existing building from One Ownership  
11 to Fractionalized Ownership shall not be approved unless or until the applicant demonstrates  
12 that the building meets all applicable provisions of the City's Housing, Building and City

14 (1) **Neighborhood Commercial Design Guidelines.** The construction of new buildings  
15 and alteration of existing buildings in NC Districts shall be consistent with the design policies

3 proposed project as required under this subsection, the proposed project must be re-noticed.

4 (3) **Notification Period.** All building permit applications shall be held for a period of 30  
5 calendar days from the date of the mailed notice to allow review by residents, occupants,  
6 owners of neighboring properties and by neighborhood groups.

7 (4) **Elimination of Duplicate Notice.** The notice provisions of this Section may be  
8 waived by the Zoning Administrator for building permit applications for projects that have  
9 been, or before approval will be, the subject of a duly noticed public hearing before the  
10 Planning Commission or Zoning Administrator, provided that the nature of work for which the  
11 building permit application is required is both substantially included in the hearing notice and  
12 is the subject of the hearing.

4 building is determined to pose a serious and imminent hazard as defined in the Building Code  
5 an application authorizing demolition in any NC or Eastern Neighborhoods Mixed Use District  
6 of an historic or architecturally important building or of a dwelling shall not be approved and  
7 issued until the City has granted final approval of a building permit for construction of the
